

Boundless solutions  
for a complex world.

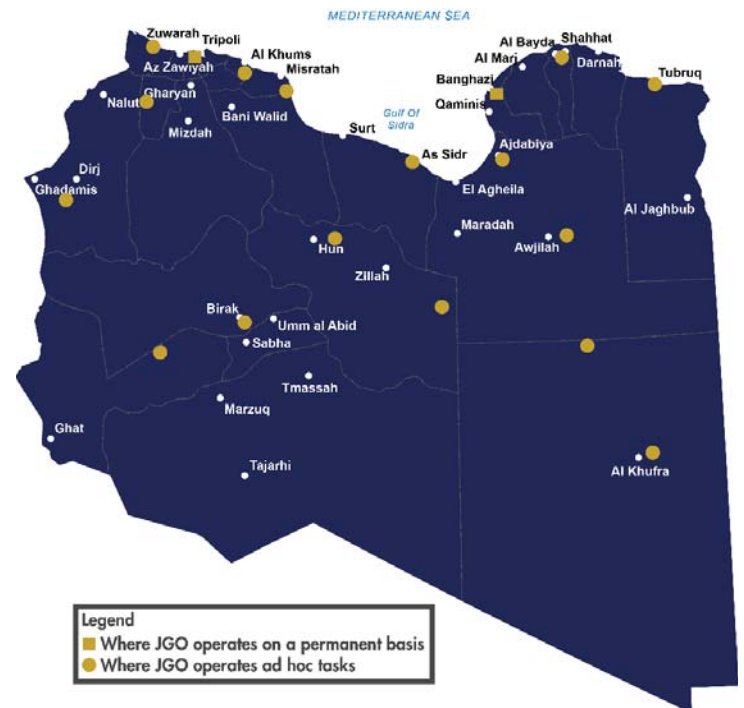

## JANUS IN NORTH AFRICA

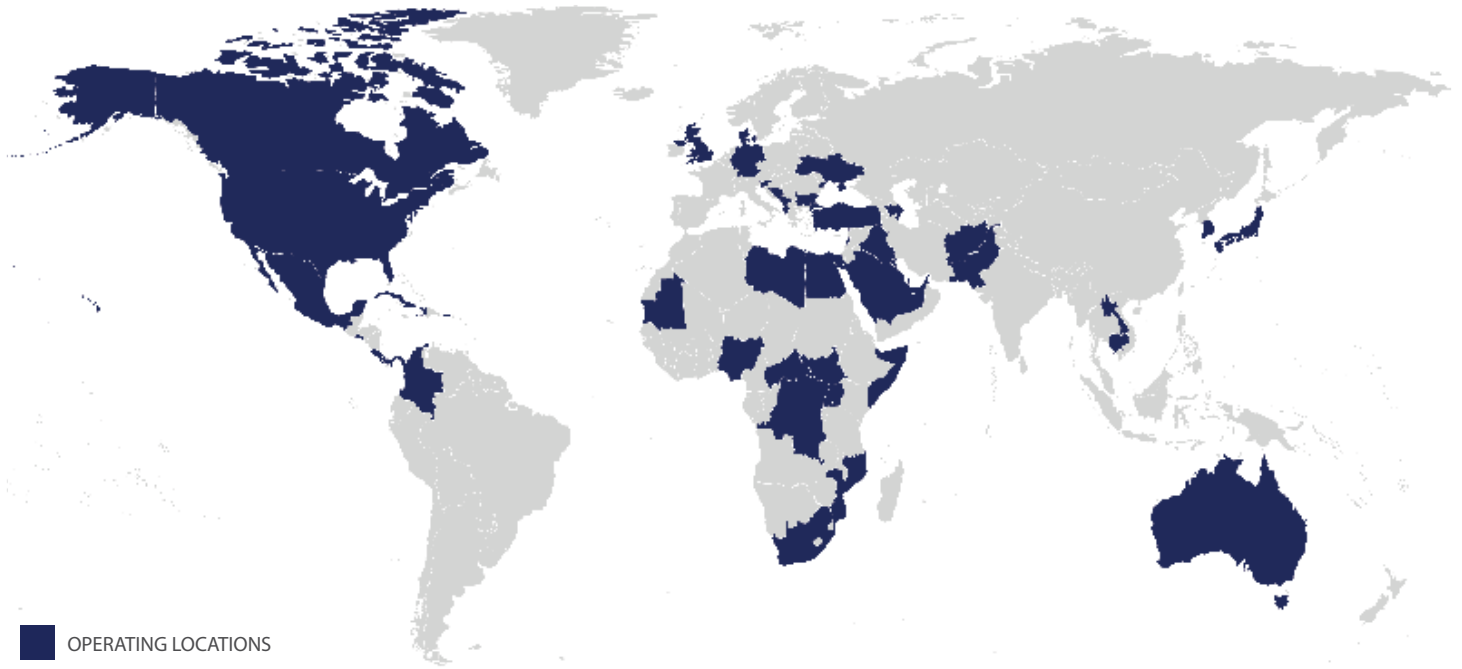

Our operational footprint in North Africa comprises offices in Libya and Egypt, with over five hundred security personnel deployed. Our projects in the region support a number of sectors such as Oil & Gas, Telecoms, Media, Insurance, Financial, Construction, Governmental, NGOs, and we have specialised our on the ground support capability within the Power Generation sector. We have over 5 years of performance in North Africa and are a local partner with global standards.

## JANUS IN LIBYA

Janus specialises in supporting international business back into Libya, providing new market entry services with operational and logistical support throughout the project lifecycle. Our business is managed by our team of seasoned expatriates working closely with our Libyan partner Aldroop Almodaih, with a thorough working knowledge and experience supporting clients in high risk and expeditionary environments such as Libya where we are recognised as a market leader.

Janus was one of the first security risk management firms to establish a permanent presence after the 2011 revolution in Libya. We have since remained operating on the ground supporting our clients with turnkey solutions throughout the country.

OPERATING LOCATIONS

## OUR CAPABILITIES

Our country management team in Tripoli and Benghazi support our teams of experienced consultants deployed on projects, who work closely with our clients' management teams to confirm that security resources and policies are aligned to meet business objectives. With our extensive experience and full country coverage, we are the market leader in Libya with unparalleled capabilities: Rigorous mission planning processes supporting market entry, incident management and evacuation.
