

## FIELD SERVICES OPERATIONS AND MAINTENANCE

Your mission success depends on the productivity, morale, and safety of your personnel. Poor dietary and living conditions can result in significant loss of productivity and amplify issues such as low morale, high stress, and lack of trust. Understanding potential impacts to the bottom line, we ensure that camp operations for our clients run smoothly, so they can maintain mission focus. Janus Global Operations' integrated life support solution is designed to optimize operational readiness by promoting productive working conditions and overall quality of life for your personnel in a cost effective manner. Our team performs all resource planning, acquisition, and coordination associated with professional camp management and life support operations at service levels that exceed our clients' expectations.

### CLIENT CHALLENGES

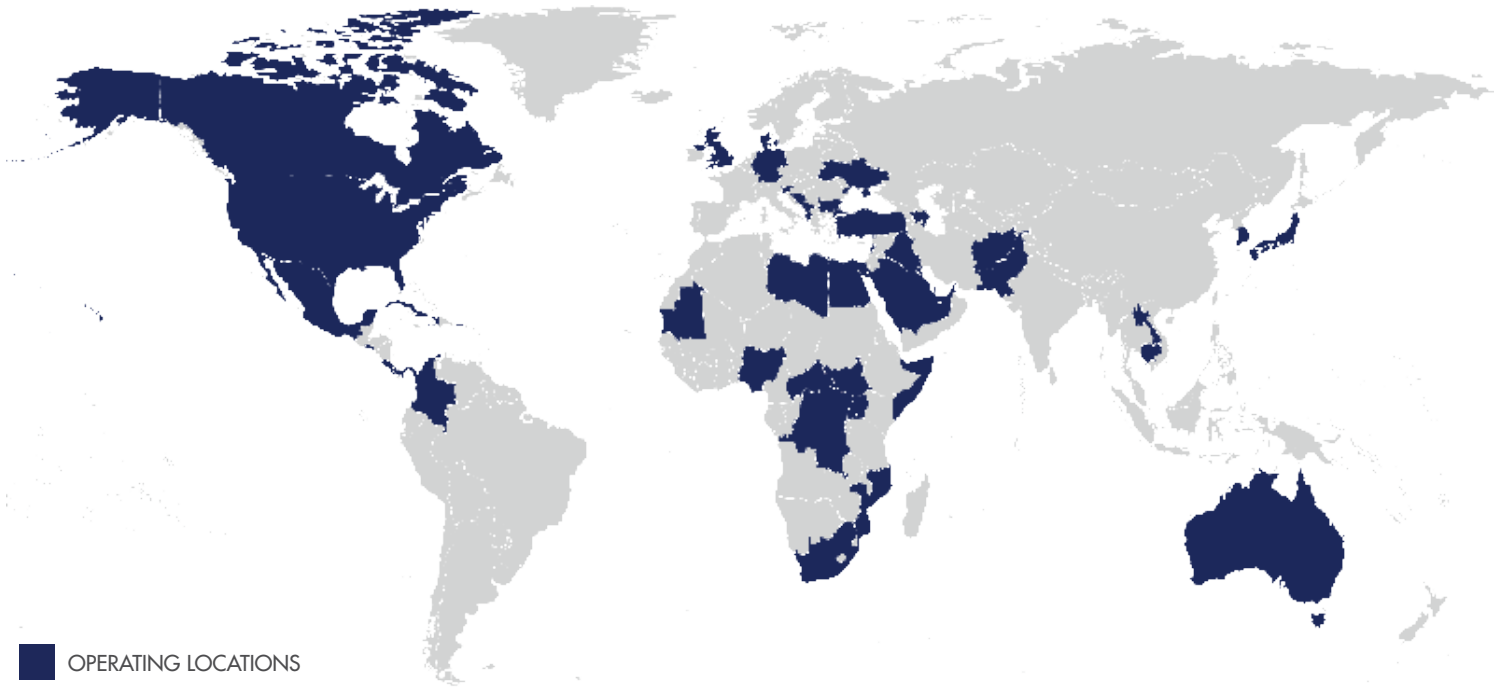

- Providing a clean, healthy living environment regardless of deployment locale
- Limited ability to oversee camp functions as focus of job is on field production
- Management of multiple contracts for camp and field life support and operations and maintenance programs

### THE JANUS GLOBAL SOLUTION

- **Safety & Quality First** - Continuous training and evaluation of life support operations personnel with ISO-certified processes implemented for all our camp service offerings.
- **Experienced Field Management** - Experienced certified site managers provide direct field oversight of all life support operations and work directly with our client site point of contact to provide full visibility of operations without distracting them from their field operations responsibilities
- **Full Service Supplier** - Able to provide all necessary camp services including life support operations, construction, operations and maintenance, as well as security services and other needs as required
