

## MUNITIONS RESPONSE AND ENVIRONMENTAL SERVICES

Janus Global Operations understands the munitions response and environmental challenges our clients face on a daily basis. We recognize the potential impacts from unexploded ordnance, discarded military munitions, and chemical contaminants of concern in the environment. Our highly-qualified personnel are adept at developing innovative munitions response and environmental solutions integrating future land use objectives by understanding stakeholder and surrounding community's needs. We help to expedite the safe transfer of formerly used DoD parcels, including those in the Base Realignment and Closure (BRAC) and Formerly Used Defense Sites (FUDS) programs, thus enabling the desired future use of the land.

### CLIENT CHALLENGES

- Obtaining accurate and comprehensive information about unexploded ordnance locations, quantities, and types before making land re-use decisions
- Lack of comprehensive regulatory engagement and concurrence for future land use
- Overall risk management implementation including land use controls

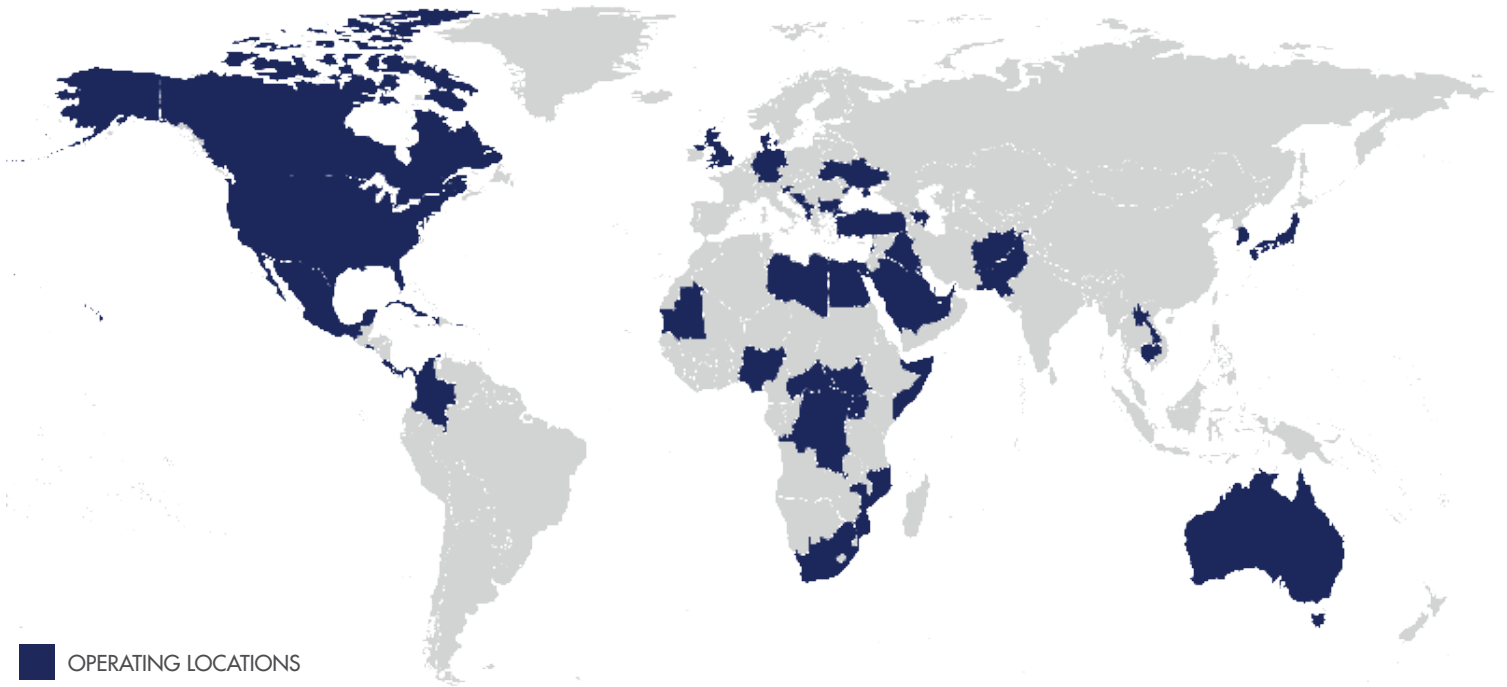

### THE JANUS GLOBAL SOLUTION

Our global in-the-field experience has provided a large lessons-learned database to develop custom solutions while maximizing available funding and ensuring successful project outcomes by:

- Providing cradle-to-grave munitions response and environmental services for ranges at active military bases, FUDS, and BRAC Commission
- Integrating experienced management and field teams with your project team to complete the project safely and successfully
- Tailoring a custom solution for your specific needs

### SERVICE OFFERINGS
