

## RAPID DISASTER AND INFRASTRUCTURE RESPONSE

When disaster strikes the necessity for an immediate coordinated response effort is never more critical. The Janus Global Operations team can offer complex, integrated, time-sensitive solutions for your diverse client base. Janus understands the need for flexibility and adaptability when responding quickly to natural or man-made disasters at home and abroad. Our rapid disaster and infrastructure response services and support functions provide integrated planning and construction for temporary housing, infrastructure, communications, security, logistics and operational support to U.S. and Foreign Government operations as well as the commercial industry.

### CLIENT CHALLENGES

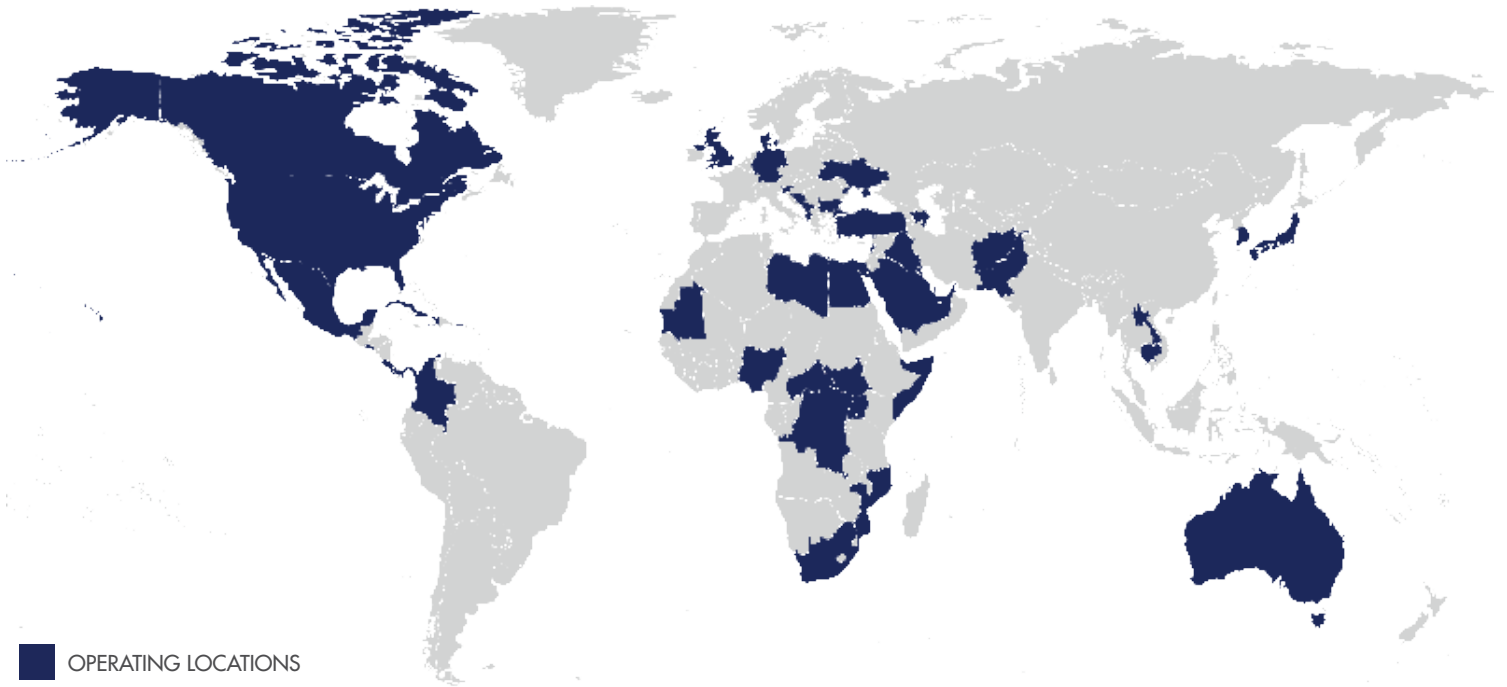

- Immediate coordinated response by multiple service providers
- Critical infrastructure and impact assessment and planning
- The need for ubiquitous and uninterrupted communications
- Overstretched policing and security resources leave client facilities and personnel vulnerable

### THE JANUS GLOBAL SOLUTION

- As a trusted advisor, Janus can quickly assess the disaster and then design a tailored solution specific to clients' needs.
- From initial planning and design to resource procurement and implementation, Janus can manage the logistics of the entire effort in full accordance with project specifications.
- Janus' worldwide network of qualified personnel can mobilize and initiate immediate action at a moment's notice in order to reduce vulnerability to hazards while ensuring operational continuity.
- With regional offices around the world, Janus provides clients with the accessibility and support of a local firm and the strength, stability and resources of an international company.
