

RISK MANAGEMENT

Risk Management is the quintessential element for ensuring our clients achieve their strategic objectives, particularly when operations occur in austere, hostile, or otherwise challenging environments. Janus Global Operations tailors the span of Risk Management services we provide our clients to suit the demands of a dynamic, rapidly evolving, and sometimes hostile environment. Janus' comprehensive risk management program helps our clients contain costs while identifying, minimizing, or avoiding risks to their employees, interests, and property.

CLIENT CHALLENGES

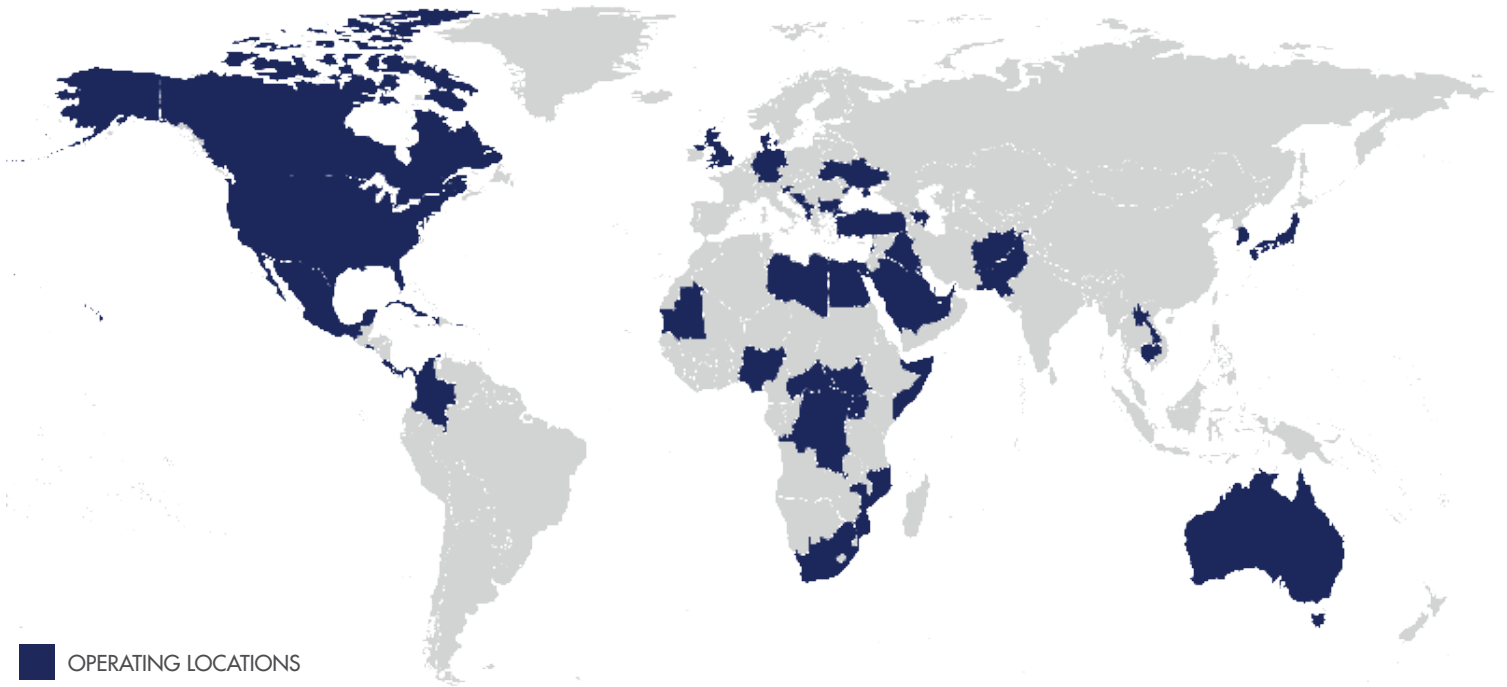

- Creating a risk focused environment that results in senior level staff ensuring the proper attention is given to developing solutions
- Standardizing risk assessment and reporting, enabling an organization to properly analyze risks and the effectiveness of its efforts
- Insufficient visibility into the risk management process that impact strategy and decision-making

THE JANUS GLOBAL SOLUTION

- **Risk Assessment Services** - Advisory, contracting, and training services pertaining to security of individuals, governmental, non-governmental, and private organizations
- **Risk Analysis** - Detailed, analytical examination of quantifiable probability and expected consequences through risk assessments, risk evaluation, and risk management alternatives, performed to understand the unwanted, negative consequences to human life, health, property or the environment
- **Risk Treatment** - Management may select a variety of risk responses - avoiding, accepting, reducing, sharing, or transferring risk
- **Risk Management Solutions** - Integrated capabilities that address the full spectrum of security issues to include intelligence, technology, static and mobile security
